Arizona State Board of Education

Statewide Five-Year Accountability Plan

Adopted and approved by the State Board of Education: December 13, 2021

The goal of the Five Year Accountability Plan is to provide consistency, transparency and advance notice to the Board of study and action items, while considering the capacity of ADE's Accountability Unit and ensuring action on accountability items prior to the year of implementation.

The accountability system models' skeletal structure stay the same throughout the five years, with small changes due to: assessment changes, new state level data, new state programs, policies or laws, to include new Board priorities. Model indicators, unless otherwise noted, will not change in weight or definition, nor will significant changes occur within business rules. Year-over-year changes roll over into the proceeding years, unless otherwise noted.

A future area the Board may letter grade cut scores. The Board approved initial cut scores utilizing standard deviation (SD) in the 2016-2017 school year and subsequently approved the same cut scores in the 2017-2018 and 2018-2019 accountability systems. As new statewide assessment are implemented in the 2021-2022 school year and schools continue to face pandemic challenges, the Board study the letter grade cut score topic in the Fall of 2022, based on 2021-2022 data, and consider a gradual plan of reviewing and raising letter grade cut scores throughout the five years.

Arizona State
Board of Education

President: Lucas Narducci • Vice President: Dr. Daniel Corr
Superintendent of Public Instruction: Kathy Hoffman
Calvin Baker • Jill Broussard • Christine Burton • Michele Kaye
Dr. Janice Mak • Dr. Robert Robbins • Armando Ruiz • Patricia Welborn
Executive Director: Alicia Williams

<p>Middle School Model</p>		<p>By August 2022, start the study of a middle school accountability model to include:</p> <ul style="list-style-type: none"> • Grade levels of middle school model. • Inclusion of “My Future Arizona” • Creation of a middle school CCRI, aligned to the 9-12 CCRI <p>Approve a middle school model by June 2023.</p>	<p>First year of collecting data and self-reported data for the middle school model. SBE will analyze data and review modeling.</p> <p>SBE can adjust the middle school model if warranted.</p>	<p>First year of implementation for the middle school model.</p> <p>Middle School letter grades released in Fall 2025 for the 2024-2025 SY.</p>	<p>Second year of implementation for the middle school model.</p>	<p>Third year of implementation for the middle school model.</p>

* First year of new statewide assessments in AZSCI (grades 5, 8 and 11), AASA (ELA and Math in grades 3-8), 9th grade Aspire and 11th grade ACT. ***The Board approved the 2021-2022 SY Accountability systems for K-8 and 9-12 Traditional schools, 9-12 Alternative schools and AOI schools at the December 13, 2021 Board meeting.***

**SGT targets will be set after the first administration of the new statewide assessment in 2021-2022. Best practice in SGT data is to wait until the third year of assessment to set target, hence, the 2023-2024 school year will see an SGP/SGT growth metric.

*** The Board may take action on CCRI points awarded, score cuts and/or to add additional indicators for CCRI. The Board may remove CCRI indicators if they are no longer being used by students. The Board may study the impact of the new ECAP “My Future Arizona” system to determine if adding a CCRI indicator is warranted and may review and take action on bonus points for 9th grade students participating in CTE programs.
