The State Board of Education's mission is to develop successful citizens through robust public education. Talented teachers are critical to accomplishing this goal. With that in mind, the Board today expressed support for Governor Ducey's efforts to increase teacher pay and provide additional resources for K-12 education.

"We all have memories of teachers who made a difference in our lives – teachers with a passion for sharing knowledge and seeing their students go on to successful lives," said Board President Luke Narducci.

"We should make sure the next generation has outstanding teachers to remember fondly. Governor Ducey's proposal sets the baseline we need to attract and retain the best and brightest in the classroom."
