Educator Discipline Lookup

Prior to hiring both certified and non-certified educators, schools are required to check the Arizona Department of Education's (ADE) public-facing and internal systems for possible discipline or open investigations for immoral or unprofessional conduct.

To assist schools, the Board is providing a list of many of the educators who were disciplined at the most recent meeting. Please note that this information is only a snapshot of most educators who were disciplined at the most recent Board meeting and does not, in and of itself, satisfy the requirement for schools to check ADE's systems described above prior to hiring. Because educators have the right to appeal their disciplinary action, there may be an approximately 30-day lag in reporting some disciplinary action.
